732 S. 6th St. #6433, Las Vegas, NV 89101

Purpose & Scope

This Acceptable Use Policy ("AUP") governs the use of websites, platforms, software, systems, diagnostics, and advisory services operated or provided by Fellowship Intelligence LLC ("Fellowship Intelligence," "we," "us," or "our"). This policy applies to all clients, users, and third parties who access or use Fellowship Intelligence services in any capacity.

This policy applies to:

- The Fellowship Intelligence website
- Fellowship Intelligence Software Platforms and Diagnostic Programs
- AI-enabled decision support tools
- Custom systems developed or implemented through Fellowship Intelligence
- Advisory and Consulting Services and Deliverables

Compliance With Laws

Users must comply with all applicable federal, state, and local laws and regulations when accessing or using Fellowship Intelligence services. Users may not use Fellowship Intelligence services to facilitate or engage in any unlawful activity.

Prohibited unlawful uses include, but are not limited to:

- Fraud, misrepresentation, or deceptive practices of any kind
- Identity theft or impersonation of individuals, entities, or organizations
- Distribution of malware, ransomware, spyware, or other harmful code
- Unauthorized access to computer systems, networks, or data
- Violations of applicable privacy, data protection, or security laws
- Infringement of Intellectual Property Rights

Prohibited Activities

Users may not use Fellowship Intelligence services to engage in activities that harm individuals, organizations, systems, or the public interest. Prohibited activities include:

- Harassment, threats, intimidation, or abusive conduct directed at any person or organization
- Promotion, facilitation, or incitement of violence or criminal activity

- Creation, distribution, or use of unlawful content
- Operation of scams, fraudulent schemes, or deceptive campaigns
- Circumventing, tampering with, or attempting to bypass security measures or access controls
- Any use that violates applicable professional, ethical, or regulatory standards

Misuse of AI and Automation Systems

Fellowship Intelligence services may incorporate artificial intelligence systems or automation tools. Users may not use these systems to:

- Generating misleading, deceptive, or fraudulent content
- Conduct automated harassment or unsolicited communications campaigns
- Create or deploy systems intended to deceive, manipulate, or impersonate individuals or organizations
- Generate or facilitate unlawful surveillance tools or unauthorized monitoring systems
- Produce harmful or malicious software of any kind

Users remain responsible for the outputs they generate and how those outputs are applied.

System Integrity

Users may not interfere with the integrity, performance, availability, or security of Fellowship Intelligence systems, platforms, or service infrastructure.

What This Means

Fellowship Intelligence maintains strict controls over its systems and infrastructure. Any attempt to undermine these controls is a direct violation of this policy and may result in immediate enforcement action.

Prohibited Actions Include:

- Attempting to reverse engineer, decompile, or extract proprietary software or models
- Extracting or scraping system outputs at scale without express written authorization
- Circumventing service limitations or access controls
- Attempting to disrupt, degrade, or overload Fellowship Intelligence services or infrastructure

Third-Party Rights

Users may not use Fellowship Intelligence services in ways that infringe upon the rights of others, including:

- Copyright, trademark, trade secret, or patent rights belonging to any third party
- Privacy rights or rights under applicable data protection laws

- Confidentiality obligations owed to third parties

Advisory Scope

Fellowship Intelligence provides advisory and analytical services only. Nothing delivered through Fellowship Intelligence services constitutes legal, financial, regulatory, fiduciary, or other licensed professional advice.

Users bear sole responsibility for decisions made in reliance on Fellowship Intelligence outputs, frameworks, or recommendations.

Enforcement

Fellowship Intelligence reserves the right to investigate suspected violations of this policy. Upon identification of a violation, Fellowship Intelligence may take the following actions:

Enforcement actions may be taken without prior notice where circumstances warrant.

- Suspend or terminate a user's access to services
- Disable access to affected systems or deliverables?
- Pursue available legal or contractual remedies
- Report unlawful activity to the appropriate authorities where required by law

Governing Law

Jurisdiction

This policy is governed by and construed in accordance with the laws of the State of Nevada, without regard to conflict of law principles.

Dispute Resolution

Any disputes arising under or related to this policy are subject to the dispute resolution provisions set forth in the applicable engagement agreement or, absent an applicable engagement agreement, the dispute resolution provisions of the Fellowship Intelligence Terms of Service.

Policy Updates

Fellowship Intelligence may update this Acceptable Use Policy periodically. Updated versions will be posted on the Fellowship Intelligence website with a revised "Last Updated" date. Continued use of Fellowship Intelligence services following the posting of an updated policy constitutes acceptance of the revised terms.
